

Spirit River to Hold 18th Annual Sports on June 27; Good Program Is Promised

(By The Tribune's Correspondent) SPIRIT RIVER, June 20.—Sports Day at Spirit River promises to be something well worth attending. The date is June 27.

Already the valuable prizes offered and the fact that the challenge cup donated by Mr. Gordon Wilson, is at stake have attracted a good number of entries in the basketball tournament which will start by 10 a.m.

A good football tournament is also in prospect, and the many other attractions, including a great variety of horse, driving and foot races, jumping and novelty contests will assure something of interest for everybody.

The Spirit River Band, well known in past years throughout the north country, has been reorganized under the leadership of Mr. Tom Atkinson and will be on the grounds to entertain.

In the evening the widely recommended picture, "The Red Wagon" with other good supporting films will be shown to two houses in the Masonic Hall, under the management of Mr. Frank Donald, after which the order will be "On with the dance!"

James Grover Of Blueberry Gets Eight Months

James Grover of Blueberry Mountain, charged with wife's murder, was sentenced to eight months in the provincial penitentiary.

The case of Grover was remanded from a wife's property of her husband, and assuming her to be the property of the husband, was found guilty by a jury on the charge of the murder of his wife.

The jury returned a verdict of guilty for the murder of his wife, and sentenced him to eight months in the provincial penitentiary.

His Lordship, Justice Boyle, who charged strongly against the accused, sentenced Grover to eight months in the provincial penitentiary.

T. W. Lawlor, who acted for the defense, addressed the jury for half an hour, while P. R. McCreary, who acted for the prosecution, spoke for an hour and a half, during which time, among other things, he sought to show that the accused did not know that the goods belonged to the husband.

Due to the large number of witnesses the case took the better part of three days.

OTHER CASES
Joseph Cooper, charged with a statutory offence, was sentenced to six months on Friday afternoon, the time which had already served to be counted off the time.

The case of Williamson vs. Williamson was formally dismissed without costs by consent of counsel.

The case of Cooke vs. Bedore was by consent, set over till next fall to be tried by His Honor, Judge Atkinson.

In the case of Webb vs. Webb, a divorce was granted to Mrs. Nettie Garrett was granted a divorce and a sum of money.

Mrs. Edith Maud Perry was granted a judicial separation from her husband, Lymann Perry.

Stock Shipments From P.R. Show Gradual Advance

Reports issued recently show that so far this year, ending in April, there were 1,557 head of cattle shipped to market from the Peace River country against 927 for the same period last year. This is an increase of 67 per cent.

It is estimated that before the year is ended that there will be about double the cattle shipped out of this country as last year.

Through The Tribune farmers were urged last year to keep their cattle and finish them. Considerable assistance in this was given by W. J. Thomson, district agriculturalist, as to the best method of feeding. As a result the farmers made considerable profit.

Hops Shipped Out
Reports show that for the first four months of this year the Peace River country marketed 11,600 lbs. of hops of 800 as against the same period last year.

This indicates that the Peace River farmers are not only maintaining but increasing production, and that it is a profitable way of marketing their coarse grains.

Homestead's First Sports Day Draws Large Attendance

(By The Tribune's Correspondent) HOMESTEAD, June 19.—People of this district held their first annual sports on Friday, June 15, attracting a large crowd. Cars from Hilda, La Gace, Valhalla Center, and man-lands from neighboring districts were to be seen.

The showers of rain were unable to stay away, but in spite of this a day was well filled with football, foot-horse and chariot races, steer riding and lungeing, and horse racing.

The booth on the ground, serving food and all kinds of refreshments, was operated by the members of the local football team, well patronized.

Everything got away to a good start and the winners of races, etc., are: (Continued on Page Five)

Government To Print \$53,000,000 New Money

OTTAWA, June 20.—No money will be borrowed to finance the \$40,000,000 public works program announced by the federal government today. The printing presses will be called into operation to pump \$53,000,000 of new money into the life stream of Canada.

The U. P. A. is also to be called into operation to print the new money, and the major portion of this sum will be used to pay the work for the unemployed, with no increase to the public debt and no interest.

The U. P. A. is also to be called into operation to print the new money, and the major portion of this sum will be used to pay the work for the unemployed, with no increase to the public debt and no interest.

Hythe Offers Big Double Bill On Wed., July 11

A full program of sports and a fight card is the offering of the Hythe sports committee at the Seventeenth Annual Sports Day, which will be held on Wednesday, July 11.

The fight card promises 20 rounds of fast milling, Art "Speed" Francis of Dawson Creek and Young Swanson of Hythe will head the list.

The program includes basketball, football, horse racing, chariot, and chuck wagon races, etc.

The Hythe Theatre will conclude the day's entertainment.

Dr. Chas. Endicott At United Church Sunday, July 1st

The Rev. Dr. Chas. Endicott, gifted preacher and prominent executive of the United Church of Canada, will be the speaker at the evening service on Sunday, July 1st.

Dr. Endicott is making a whirlwind tour of the Peace River country at that time, and will give only one address in Grande Prairie.

The choir of St. Paul's Church are preparing a program of special music, and the organists will be assisted by the service will be in the nature of a rally of the entire congregation.

Red Man To Hold Sway at Sturgeon Lake July 2 and 3

The annual Sturgeon Lake Indian sports will be held at the Lake on July 2 and 3. The sports will be put on with all the show and color always associated with an Indian celebration.

The customs and dress of the noble red man are fast disappearing and the sports which are being put on are the Indian sports and their families are coming to get a glimpse of the red man bedecked in all the picturesque and colorfulness of his forefathers, when they were nomads of the arctic.

The late Indian sports will be held in the evening, and the white men had not appeared on the scene.

The program, which is being sponsored by Chief Wm. A. Wells and committee, includes Indian dance, horse and steer riding, Indian drum game, and the famous Grand Lodge, horse race, tug-of-war, boxing, race for men, women and children, etc.

Two large dances will be held in the evening, and they will be a true Indian day and the red men of the Sturgeon Lake district will re-enact the feats of their forefathers, when that race was the dominant factor on the North American continent.

GRANDE PRAIRIE MEN REPORT SUCCESSFUL MASONIC GRAND LODGE
J. L. JOHNSON, LODGE MASTER

C. Stodolinsky, J. O. Patterson and Wm. Ross returned from Edmonton on Wednesday, where they attended the Masonic Grand Lodge, where they reported a very successful session, being held in the city of Edmonton.

They represent all sections of the country, and the Peace River farmers are not only maintaining but increasing production, and that it is a profitable way of marketing their coarse grains.

Instructive and Interesting Time Promised at Field Day Alex Craig's Farm June 23

A stock field day will be held at the farm of Alex Craig on Saturday, June 23. The occasion will be given by the presence of Dr. G. C. Carlyle, provincial live stock commissioner, and Dr. R. B. Stinchel, professor of animal husbandry at the University of Alberta.

Mr. Carlyle will give an outline of what is being done in the feeding of cattle in the Peace River country, and Dr. Stinchel will demonstrate the correct breeding of cows, etc.

W. D. Aitken will speak on "Farm Crops and Their Place in Live Stock Production."

Thirty boys and girls have been interested in live stock.

THE VICTOR

The U. P. A. Convention At Sexsmith on Tuesday, June 26

The Grande Prairie Provincial constituency of the U. P. A. convention will be held at Sexsmith on Tuesday, June 26, commencing at 1 p.m.

The advisory board, composed of the directors of the provincial constituencies is called to meet at 10 a.m.

The U. P. A. is also to be called into operation to print the new money, and the major portion of this sum will be used to pay the work for the unemployed, with no increase to the public debt and no interest.

The U. P. A. is also to be called into operation to print the new money, and the major portion of this sum will be used to pay the work for the unemployed, with no increase to the public debt and no interest.

The U. P. A. is also to be called into operation to print the new money, and the major portion of this sum will be used to pay the work for the unemployed, with no increase to the public debt and no interest.

Disposition of Elks Hall To Be Made Next Month

A. R. McMillan, ex-mayor of Grande Prairie and manager of the Frontier Lumber Company, in connection with the disposition of the Elks Hall, stated that two deals were pending and the chances were that the building would be sold either for a picture show or a hotel.

The decision, said Mr. McMillan, would be made some time next month.

Miss Mona Cooke Laid To Rest On Tuesday Last

The great number of friends and relatives who came to pay their last tribute to the late Miss Mona Cooke, daughter of Mr. and Mrs. T. E. Cooke, of Grande Prairie, stated the capacity of the church was not sufficient.

The funeral service was held on Tuesday, June 19, while every man was occupied in the church, many more were unable to gain admittance and stood outside the church throughout the service.

The service was held in the nature of a rally of the entire congregation.

Good Turn Out At La Glace Annual Sports

LA GLACE, June 21.—There was a large turnout at annual sports held here yesterday.

In the senior baseball the married men of the town were defeated by a tie, two all.

In the ladies' basketball Northfield won over La Glace by a comfortable margin.

In the junior division in the softball La Glace won.

There was a large attendance at the dance, which brought the most enjoyable day a close.

LINDSAY SCHOOL TO STAGE PLAY AT BEZANSON HALL ON FRIDAY, JUNE 22ND

The Junior Dramatics of the Lindsay school district will present "The Other Gals" at the Bezanson Hall on Friday, June 22, commencing at 8 p.m.

The Lindsay school district will present "The Other Gals" at the Bezanson Hall on Friday, June 22, commencing at 8 p.m.

Bang-Up Fight - Wrestling Card to Be Staged by Donald At Wapiti Arena June 30th

On Saturday, June 30, P. Donald will put on at the Wapiti Arena the heaviest wrestling card in the province at once, and which no doubt Mr. Demehuch will argue out with the time by voluntary labor, Mayor of the town.

From the first to the last they are all rated as first class.

Wrestling will be contested under Australian rules, which permit free freedom of action.

The curtain raiser will be Mike Coughlin, who will try conclusions with Sam DeLisle, the "Smiling Frenchman" from Seattle, both at 145 pounds.

Both these men claim the professional championship of the world.

Liberals Swept Into Power Both in Saskatchewan and Ontario, Tuesday's Elections

(By The Tribune's Correspondent) EDMONTON, June 21.—Following the overwhelming triumph of the Liberal party Tuesday evening control of two provincial governments from the Conservative hands in Ontario, the Ontario, under the leadership of Mitchell F. Bennett, captured 55 of the 105 seats in the Ontario legislature.

In Saskatchewan, James G. Gardiner and his forces won a victory that shut out the Conservatives completely.

Conservative Wiped Out

Timely Hints From the

By W. D. Albright
Beveridge Sub-Station
"IT IS A PLEASURE AS WELL AS A DUTY TO SERVE"

A weed in the pod is a thousand in the soil.

Timeliness and thoroughness are cardinal principles in tillage.

There is one universal language. Everybody understands the meaning of a smile.

Along with control of gravel and water, erosion gives are a most important ingredient of good concrete.

The need of the North for cold-resistant rather than for extremely early varieties of crops.

Shingled tomato plants set the garden. Each transplant is protected by four shingles shading east, south, west and north from a too sudden sun and sheltering from the wind.

What is the greatest depth to which frost ever penetrates in the Peace? Having just finished about 140 feet of water-pipe trench six and a half to seven feet deep, the water-pipe is laid in wooden boxes and the filled trench is to be covered each winter with manure.

About the time one is tempted to wonder whether these hints are worth preparing emphatic assurance comes from somebody or other, coming lately in a small company reference to four recent items.

It is willing to keep on keeping on. Evidently not all the readers are farmers.

Eighteen years ago a row of Manitoba maples was planted west of the building site of the new house. The trees and shrubs were added in 1919 and 1920. Today maple and poplar tower high above the new house, and from the west where it is written one can see the new house.

Lower. Time tells with plantings—if one fences the rabbits away.

Any day is picnic day at the Sub-Station. Any organization, any group or any private party may come to visit whenever it chooses and will be welcome. If notice be given in advance tea or coffee will be prepared and an escort provided on any day other than Sunday. Visitors are welcome on Sundays also, but the usual attention cannot be given on that day.

Beware of undertakings that run into the future. Balance change. The present. Accidents happen. Illness strikes. Accidents happen. Illness strikes. Accidents happen. Illness strikes.

Weekly, monthly or yearly commitment which seems easy enough when incurred may become a heavy burden when it comes to pay.

Better to pay now a little more money or effort than to incur a continuing drag for upkeep or service. Often it is better to pay the improvement until funds can be accumulated to make it and make it right.

Lack of keeping faith causes loss and inconvenience. We remember too to fifteen years of carrying over a small bin of winter-wheat seed for five or six seasons in succession because one customer did not.

The other broke faith. Months ahead of seeding the wheat was changed hands, leaving the grain on the grower's hands until too late to seed, and anyone else. It never seemed to occur to the customer that the seed was not his.

It is willing to keep on keeping on. Evidently not all the readers are farmers.

Eighteen years ago a row of Manitoba maples was planted west of the building site of the new house. The trees and shrubs were added in 1919 and 1920. Today maple and poplar tower high above the new house, and from the west where it is written one can see the new house.

Lower. Time tells with plantings—if one fences the rabbits away.

Any day is picnic day at the Sub-Station. Any organization, any group or any private party may come to visit whenever it chooses and will be welcome. If notice be given in advance tea or coffee will be prepared and an escort provided on any day other than Sunday. Visitors are welcome on Sundays also, but the usual attention cannot be given on that day.

Beware of undertakings that run into the future. Balance change. The present. Accidents happen. Illness strikes. Accidents happen. Illness strikes. Accidents happen. Illness strikes.

Weekly, monthly or yearly commitment which seems easy enough when incurred may become a heavy burden when it comes to pay.

Better to pay now a little more money or effort than to incur a continuing drag for upkeep or service. Often it is better to pay the improvement until funds can be accumulated to make it and make it right.

Lack of keeping faith causes loss and inconvenience. We remember too to fifteen years of carrying over a small bin of winter-wheat seed for five or six seasons in succession because one customer did not.

The other broke faith. Months ahead of seeding the wheat was changed hands, leaving the grain on the grower's hands until too late to seed, and anyone else. It never seemed to occur to the customer that the seed was not his.

A HEALTH SERVICE OF THE ASSOCIATION OF VETERINARY BIOLOGISTS, CANADA

STOMACH TROUBLE

Swelling statements are dangerous because they are usually too emphatic, and also because, as they are general, they are more likely to be true in part. Nevertheless, we find it necessary to make a sweeping statement in the effect that most stomach trouble usually described as "indigestion," does not come from the stomach itself but is due to the person who owns the stomach.

First of all, let us qualify our remarks by stating that appendicitis, gall-bladder infections, and ulcers of the stomach and duodenum, unfortunately exist only too often. They cause stomach trouble and the only way to cure such forms of stomach trouble is to treat the appendicitis, gall-bladder, or ulcers.

Leaving these, and returning to the statement that it is the person who owns the stomach, rather than the stomach itself, who is to blame, we may say that, by far, the most common causes of stomach trouble are emotional upset, fatigue, and lack of moderation in eating.

Everyone knows that fear may make the throat dry, and also, that the mouth actually waters at the smell of rich and attractive food. The stomach takes water at the same time as the mouth. This watering of mouth and stomach is a normal reaction. It is caused by the reception and digestion of the food. It is not a sign of weakness or of anger, worried, tired, or disgusted.

The stomach and the intestine have strong muscular walls which contract, forcing the food contents of these organs into the small intestine. The X-ray examinations that excellent, worry, nervousness, or other strong emotional influences will slow the muscular activity of the digestive tract, and the food will not be properly digested. The upset which follows the hurried lunch or a rush for the train may be accounted for in this way.

During the period of digestion, the stomach receives an extra supply of blood. This extra blood supply is necessary for the proper preparation of the food. It is not a sign of weakness or of anger, worried, tired, or disgusted.

A great number of people believe that it is impossible to eat too much. In fact, the stomach is a very elastic organ. It can hold a great deal of food. It is not a sign of weakness or of anger, worried, tired, or disgusted.

Some foods are more readily digested than others. For example, the stomach is more easily overloaded at one time, with foods which are difficult to digest, than at another time. It is not a sign of weakness or of anger, worried, tired, or disgusted.

It is better to pay now a little more money or effort than to incur a continuing drag for upkeep or service. Often it is better to pay the improvement until funds can be accumulated to make it and make it right.

"DRY ICE" EGG PRESERVATION

It has been shown that the effect in the deterioration of eggs in storage is the loss of carbon dioxide. If there were secured probably that eggs would keep better by this loss of carbon dioxide. There were presented by keeping the eggs in an atmosphere containing a small percentage of this gas. In co-operation with the Dairy Service of the Live Stock Branch, investigations were carried out by the Division of Chemistry to determine whether or not the storage of eggs in an atmosphere of carbon dioxide by enclosing them in sealed boxes containing "dry ice" (solid carbon dioxide) would assist in their preservation, and to ascertain how much "dry ice" would furnish the best results for keeping eggs during the summer from 10 to 15 days. The results seemed to show that eggs which were kept in a sealed metal container for twelve days showed very little deterioration. In fact, the percentage of carbon dioxide in the container at the beginning and end of the period, were found to be 0.06 and 0.28 per cent by volume, respectively.

VALUATION OF ROOTS

In estimating the cost of producing farm crops considerable difference of opinion exists as to what should be given to roots. In the bulletin issued by the Dominion Bureau of Statistics, the value of roots is given as 100 pounds of roots are equal to 100 pounds of hay, which shows them to be of equal value. On the other hand there has been an average loss of \$3.00 per acre in the value of roots are valued on the basis that their dry matter is equal in value to that in concentrate such as corn. In grain, they have a value of \$1.00 per bushel. The average difference of the loss of \$3.00 per acre to a profit of \$3.00. This latter method of calculation is based on the fact that when very small quantities of roots were fed per day.

VETERINARY BIOLOGICS

"Veterinary Biologists" include serums, viruses, toxins, tuberculin and such like products. Vaccines, antitoxins and products of micro-organisms are also included. The treatment or diagnosis of diseases of domestic and farm-bearing animals and such like products. Vaccines, antitoxins and products of micro-organisms are also included. The treatment or diagnosis of diseases of domestic and farm-bearing animals and such like products.

PRE-COOLING FRUIT

The recent transportation of early strawberries from long distances has called attention to the benefits of the pre-cooling system. Pre-cooling, as the name implies, is the process of removing the heat from fruit before it is shipped to market. Unfortunately, with strawberries, as with other fruits, there is still the practice of picking and shipping fruit that is not fully mature, because deterioration is not so apparent in a mature fruit. Fruit is mature when it has reached that stage when the normal process of ripening will continue after the fruit is picked and sent to market.

ROOT-ROTS IN CEREALS

Root-rot is a disease of the root system of cereals. It is caused by a fungus, just as rust and smut are caused by fungi. The fungus which causes root-rot is a very common one, and it is the opinion of plant pathologists, agronomists, and many farmers

MARKETING SOY BEANS

Marketing soy-bean seed is not complicated. The beans are used for three main purposes: for feed, seed, and industrial uses. Very little, if any, soy-bean seed is marketed for food, and if used for this purpose, it is usually fed at the farm on which it

originated. Of the beans sold for feed, probably the greatest proportion is marketed directly by the growers themselves. Some seed is disposed of by the registered buyers, while the oil mills may arrange to supply the requirements of intending growers. Feed beans for industrial purposes are marketed at present directly by the farmers. There are two classes of oil mills crushing soy-bean seed in Canada (both located in Ontario) and the seed requirements of both are purchased almost entirely under contract—by local buyers, Dominion Department of Agriculture.

PROTECT DAIRY EXPORTS

For the better protection of exports of butter and cheese from Canada an alteration has been made in the Dairy Industry Act whereby each package must be reinforced by a metal band applied round the centre of each box at right angles to the grain of the wood in the cover and bottom; also by two other metal bands, one at right angles to the other. The first band must have a minimum tensile strength of 400 pounds and of unannealed flat metal strapping, or of galvanized steel strapping, hard-drawn wire. The second and third bands must be of the same material and must have a tensile strength of at least 300 pounds. It is provided that any cheese which has been processed with the use of emulsifying agents shall contain not more than 13 per cent of water.

WHEAT PROTEIN CONTENT

One of the greatest imports to Canada is wheat. The wheat from foreign countries of the world that all the wheat in Canada is made from. The quality of the wheat being imported should be obtained regarding the influence of heredity, of soil and of climate. The quality of the wheat being imported should be obtained regarding the influence of heredity, of soil and of climate.

Homestead's First Sports Day Draws Large Attendance

(Continued from Page One)

RACES

Children's Races, Six Years and Under—1st, Mona Kinney; 2nd, Johnny Jensen.

Ten Years and Under—1st, Harold Nordmark; 2nd, Harry Jensen; 3rd, Vilma Kinney.

Fourteen Years and Under—1st, Ina Ferguson; 2nd, Lester Olson; 3rd, Oscar Nordmark.

Ladies' Race—1st, Mrs. W. A. Underwood; 2nd, Ina Ferguson; 3rd, Ina Gillingie.

Married Women—1st, Mrs. A. Forsgren; 2nd, Mrs. W. Kinney; 3rd, Mrs. G. G. Jensen.

Men's Races—1st, Rolf Anderson; 2nd, John Jensen; 3rd, Halvor Severson.

Pony Race—1st, Arnold Jensen on Lucy; 2nd, Lawrence Jensen on Seaplane; 3rd, Owen Ferguson on Midnight. Seaplane ran off track when she came near the finish.

Midnight, Seaplane ran off track when she came near the finish.

For All Pony Race—1st, John Miliken on Silver King; 2nd, John Gillingie on Roy; 3rd, Lawrence Tofstad on Bonnie.

Novelty Horse Race—1st, Arnold Jensen on Lucy; 2nd, Ina Ferguson on Seaplane; 3rd, John Miliken on Silver King.

Ladies' Chariot Race—1st, Owen Ferguson; 2nd, Ina Gillingie; 3rd, John Miliken.

Men's Chariot Race—1st, Halvor Severson; 2nd, Alf Vatten; 3rd, Ed Gillingie.

STEER RIDING

Everyone gathered around the corral, which was packed full with all kinds of steers, but Alvin Peterson, who was the best steer, it was ridden twice.

The best rider in men's class was 1st, Rolf Anderson; 2nd, Halvor Severson; 3rd, John Miliken.

In the boys' 1st, Lawrence Tofstad; 2nd, Harry Forsgren; and Alvin Borg.

The other riders were Alf Vatten, Jim Purdie, John Miliken, and John Tofstad, Palmer Nordmark, Halvor Severson, Lester Nordmark, Oscar Nordmark.

The judges were Ingvald Peterson and John Webber.

BRONCHO BUSTING

Professional riding was done by Walter and Jonas Webber of La Crosse, Minn., "Dolly" was ridden by Jonas.

J. Tofstad's "Beaute" was ridden by Walter.

Ferguson's "Pete" gave Jonas some heavy jolts at the start, but was ridden to a standstill.

Glenora's "Barney" ridden by Walter, made a dash for the crowd and the people scattered in every direction.

The horse ran against a tree, and knocked him over and tore off his shoe.

SOFTBALL

In the earlier part of the day two pick-up teams played for a while. Five teams were expected.

The day was showery, all of them didn't show up.

Adolfson defeated Blooming Valley with a score of 15-12. Referee: Alvi Elliott.

The married men were defeated by the single men in a very interesting game. Harry Frank was the pitcher.

In the evening a big dance was held in the schoolhouse, where the band played to capacity. Friberg's ever popular orchestra supplied the snappy music.

Songs were sung by Ture Friberg and Jonas Webber after a very tasty lunch was served.

In the wee small hours of the morning everyone returned home, and so ended a day of enjoyment long to be remembered.

The committee in charge expressed gratification over the success of the day, which was much larger and better than expected, and the committee members of all who contributed to the success of the day.

HOMESTEAD NEWS

HOMESTEAD, June 18.—The sports day here came off successfully, after a few showers of rain.

At the booth were kept busy all day. Prizes were awarded to the winners of the different events.

The crowd drew towards the schoolhouse to take away the prizes.

The music being supplied by the Friberg Bros.

The Hominy and Elliott sawmill had finished sawing lumber and plan to start planing by the 20th of the month.

Road work is commenced in the district. A few bridges are being repaired. The people of the community will be greatly pleased when the swamp will be ready for travelling.

Rev. J. Winick is holding his service on Sunday, the 24th. We will deeply regret his leaving us.

Seen and Heard

Mon was lucky that he saw the show.

Lester Monroy talking the native language to the "chicks".

Gonna leave us, Roy?

Carl buying a horse—Dolly as security.

Halvor Gaarn looking over the sawmill.

Halvor Maarn making a trip to Albright.

Cora guarding the week-end in Valhalla centre.

Slake moving south.

FAREWELL SERVICE

United Church service and Sunday school will be held in the Auditorium on Sunday, June 24, at 10:30 a.m. This will be Rev. J. Winick's last service.

NEW DEPUTY MINISTER

E. L. Gray, for some years provincial fish commissioner, took duty as deputy minister of natural resources.

Gray is English, registered, and has been in the government service for some years.

Gray is well known in the government service, and for his work in promotion of crop insurance, and the organization of the new grain relief and greenhouse control.

THE HYTHE WEEKLY GARDEN REPORT

By the Agronomist.

Sunday last the last-berries held their annual banquet, which was largely attended and apparently enjoyed.

This year the committee decided on a vegetarian menu, consisting of turnip tops, followed by a dessert of fruit and cream.

The style this season is black with red stripes and really looked quite modish.

The evening was spent quietly or rather for the most part in various "fields."

Our old friend Jack Frost paid us a visit late Tuesday evening.

The potatoes and lettuce were the reception committee. There was apparently a bit of a scuffle in the bean patch just after his arrival, for one of the beans was badly blackened. However, the other beans were unharmed.

J. F. was quite pleased with the "18 crop reports and promises to return visit sometime in August."

This afternoon (Thursday) Madam Hall dropped in for a few minutes, but was unable to stay as she had other points of call on her itinerary.

Everything being three weeks early this year, we are expecting outdoor weather within the next few days.

The date for the Potato-bug Convention has not as yet been announced.

RIO GRANDE NEWS

MRS. ANNE ELIZABETH BARKER

After a prolonged illness of nearly ten years, Mrs. Anne Elizabeth Barker passed quietly away at her home in this district at 2 o'clock this morning. She was 82 years of age.

Deceased was born in Yorkshire, England, in 1846, moving to Canada in 1888, where she resided for the remainder of her life.

In 1910 Mr. and Mrs. Barker settled at Laveras, Sask., and after her husband's death in 1922 she made her home with her son, Allan, and family. She moved here only three years ago.

Funeral services were conducted by Rev. H. H. Peterson at the Methodist Church, on Thursday, June 14, at 2 p.m. Interment took place in the Halverson cemetery.

The sermon delivered was "Lead kindly Light," and "Abide With Me," Mrs. Barker was accompanied by her son, Allan.

Survivors were: Mr. Cunningham, Mr. Bull, Mr. H. Norman, Mr. Godman, Mr. J. Mitchell, and Mr. D. G. Jensen.

Funeral services were given by the following: the family, and Mr. and Mrs. Mitchell, Mr. and Mrs. Godman, Mr. and Mrs. Jensen, Mr. and Mrs. Verna and Evelyn, Mr. and Mrs. T. Connel, and the Women's Missionary Society.

Left to mourn are: Messrs. J. J. Barker, T. Barker, and family, all living here. The sympathy of the entire community is extended to the bereaved.

MANY AT CHURCH SERVICE

Services were held here by Rev. H. H. Peterson at 4 p.m. Sunday, June 17. We are pleased to report a good turnout.

G. P. CHOIR AT RIO GRANDE

Mass singing was held at the Rio Grande Catholic Church on June 17.

A social feature was the presence of the Grande Prairie choir from St. Joseph's Church, and was much appreciated. Several other members of St. Joseph's also attended.

TO FARM IN A BIG WAY

Barker Bros. have purchased two quarter sections of land here and intend to go in for farming on a big scale. They brought four carloads of stock and other equipment with them. A real business of the country are very favorable.

Messrs. Calvin Channing and Alden Pined from the north of the district will spend a few days.

Mr. Joe Barrett is building an addition to his store.

HOLD COMMUNITY MEETING

A community meeting was held on Thursday evening for the purpose of electing a committee to look after the annual sports. It was decided to hold the sports on July 2.

The following were elected: Mr. Charlie Ingstrom, president; Mr. Frank Kott, secretary; and others to look after each of the different sports. Plans are being made a big day.

ANNIVERSARY DANCE ENJOYED

The anniversary dance held on the 13th was considerably damaged by the downpour of rain early in the evening, but nevertheless the dancers made good. The daybreak refreshments of the storm, distant points were represented—Beaver Lodge, Hynde, Grande Prairie and Halverson. Music was furnished by the Red Willows Orchestra.

Miss S. McArthur, of Calgary, who has been visiting her sister, Mrs. Hickman of Grande Prairie, since last week was seen at the Barket home for the past week.

ATTEND JOINT PICNIC

Several from here took in the joint picnic at Cunningham's on June 16, but on the way back to the Barket home's picnic. Everyone got some free ice cream and all taking part in the races got something to eat. Many pleasant remarks were passed on the picturesque little corner along the river picked out for the picnic.

In the evening the crowd gathered in the hall for a social meeting, and the organ and the new grain relief and greenhouse control.

A Minute With Montrose

Vol. 1. Grande Prairie, Alberta, June 21, 1934. No. 8

THE GOOD WILL PLAY

The Red Cross meeting consisted of a Good Will program, written and performed by Grade IV. Father World had a party and all the children came, each bringing him a present from their country. At the conclusion they decided that all the countries needed each other and it didn't pay to quarrel and have wars. The program concluded by the countries saying in unison the following stanza:

We are jolly comrades,
We're all right,
While we can serve each other,
We'll not fight.

We're going to be friends and true to the last.

We may be from north, east, south or west,
But we'll each other, so why fail!

Hal! Hal! Hal!

Harold Grude (Grade II): "I was struck with lightning three times on Sunday."

We're all right,
While we can serve each other,
We'll not fight.

We're going to be friends and true to the last.

We may be from north, east, south or west,
But we'll each other, so why fail!

Hal! Hal! Hal!

While we can serve each other,
We'll not fight.

We're going to be friends and true to the last.

We may be from north, east, south or west,
But we'll each other, so why fail!

Hal! Hal! Hal!

Harold Grude (Grade II): "I was struck with lightning three times on Sunday."

We're all right,
While we can serve each other,
We'll not fight.

We're going to be friends and true to the last.

We may be from north, east, south or west,
But we'll each other, so why fail!

SCHOOL NEWS

Junior class changed his seat one day. When Mr. Beverly called the roll Junior, not paying attention, did not answer. Everyone looked around at the desk where Junior had been sitting and all the children came, each bringing him a present from their country. At the conclusion they decided that all the countries needed each other and it didn't pay to quarrel and have wars. The program concluded by the countries saying in unison the following stanza:

We are jolly comrades,
We're all right,
While we can serve each other,
We'll not fight.

We're going to be friends and true to the last.

We may be from north, east, south or west,
But we'll each other, so why fail!

ILLUSTRATED NEWS OF THE WEEK - A SPECIAL TRIBUNE FEATURE

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

WHEN THE DERBY FAVORITE LOST THE BLUE RIBAND OF THE TURF

Windows Ltd., owned by the Maharajah of Rajpura, is shown as he flashed past the post in front of Lord Wellington's Baron and Colombo to win the historic English Derby at Epsom Downs, Colombo, one of England's greatest race horses, had never been beaten till this event, and was an overwhelming favorite to win the race. The picture was flashed from London to New York by radio.

MEMORIAL TO FOUNDER

The memorial to Lord Meath, the founder of Empire Day, which was unveiled at Lancaster Gate, London, last month. It is the work of the famous sculptor, Hermann Cavaliere.

LONDON PROSPECTIVE POLICEMEN GO TO SCHOOL

This picture was taken at the new Metropolitan Police College at Hendon, which was officially opened by the Prince of Wales on May 11st. The premises are to be the training colleges for young men who are to be senior officers, and the training school for recruits. One of the classes is being instructed in police routine duties.

A Few Items of World Interest

The oldest continuously published newspaper in Canada, The Montreal Gazette, recently celebrated its 150th birthday anniversary. Its first issue appeared June 3, 1778.

The calling of an imperial conference for the creation of an Empire air force will shortly be suggested by Lord Elbank in the House of Lords, it was learned.

Belgium may pay her 1934 war debt installment to the United States with a \$10,000,000 shipment of radium, according to an unconfirmed report at Brussels.

John L. Beckwith, former mayor of Victoria, and resident of British Columbia since 1884, died recently. He had engaged in the salmon canning business for 31 years. He was born in Cornwall, N.S.

Willy Post, round-the-world flyer, now tuning up his plane for the London-to-Melbourne \$750,000 Air Derby in October, recently announced he also has his eye on the world's altitude record.

The German version of the motion picture, "The Trial of Mary Dugan," was banned from theatres of the Reich because it was regarded as a plea against capital punishment. It was explained. As such it was contrary to Nazi principles of law enforcement. It was explained.

The British House of Commons approved repeal of the duty on insulin, diabetes remedy discovered in Toronto by Sir Frederick Banting, who was knighted in the King's birthday honors list. During debate on the move, congratulatory references were made to Sir Frederick.

Two-and-a-half million feet of lumber will be shipped over the Hudson Bay to way and through the port of Churchill in northern Manitoba to Great Britain by The Pas Lumber Company of The Pas, Man., according to D. D. Rosenberry, secretary-manager of the company at Prince Albert.

BERLIN, June 14.—The German government today declared a moratorium on payment on the Young and Dawes loans, supplementing a previous moratorium by the Reichbank on the payment of all medium and long term foreign obligations between July 1 and December 31. The Bank for International Settlements at Basel, followed with a protest against the moratorium as violation of the treaties of The Hague and Locarno.

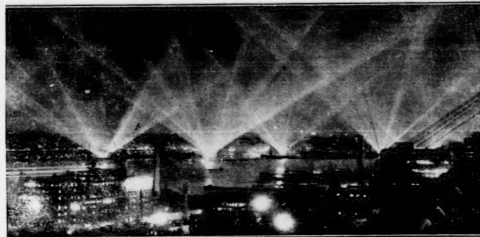

PITTSBURGH, June 14.—A convention dominated by union leaders belligerently demanding "recognition" for a country-wide steel strike met for no hour today. Earl F. Forbick, one of the so-called "rank and file" leaders, said the nation faces a possible general strike of the American Federation of Labor's 7,000,000 workers unless "formal recognition" of the Steel Workers' Union is forthcoming from the operators.

C.C.F. CANDIDATE

E. B. Moate, the C.C.F. candidate in Milestone constituency in the Saskatchewan elections, describes himself as a "dirt farmer." Born in Taylor County, Iowa, Mr. Moate has farmed in the Estlin district since 1910. For the past nine years he has been reeve of Estlin municipality.

MOTHER: "And what are you two children doing?" JACKIE: "We're playing grown-ups. Mommy goes out shopping, and I'm daddy and Joan is nurse."—The Hummies, London.

U.S. FLEET PORTRAYED IN AN ETCHING IN BLACK AND WHITE

Recently at anchor on the beach town of the Hudson River, following majestic parade before President Roosevelt, the United States fleet put on a spectacular nocturnal exhibition in black and white as the ships' searchlights etched a brilliant pattern on the velvet sky. This is how it looked from the shore of New Jersey.

A HAPSBURG RETURNS TO VIENNA FROM EXILE

The first member of the royal house of Hapsburg to return to Austria from exile in 15 years, the Archduke Eugene (left), is shown in conference with Engelbert Dollfuss, Austrian dictator, soon after his arrival in Vienna. The Archduke had lived in Switzerland since the fall of the monarchy, when he refused to relinquish his imperial rights. He was greeted enthusiastically by people in Vienna.

HAPPY RE-UNION AS GERMAN SOCIALIST MEETS WIFE IN ENGLAND

Frau Seger (left), wife of Herr Gerhard Seger, formerly a Socialist member of the Reichstag, arrived at Croydon Aerodrome, London, after her release from a German concentration camp near Dessau, where she was met by her husband. Frau Seger was arrested as a hostage after her husband had escaped from a concentration camp and it was through the efforts of Mrs. M. C. Tyle, British member of Parliament (right), that Frau Seger was released. The happy couple had not seen each other for six months.

BRITISH COLUMBIA HONORS FAMOUS EXPLORER

Here we see Mr. W. McAdam, acting agent general in London for British Columbia, placing a wreath on the grave of Captain George Vancouver, the explorer, to commemorate the 150th anniversary of his death. The man who gave Vancouver its name is buried near Peter-shun Church, Richmond, Surrey.

WOMAN NET STAR COLLAPSES

Overcome by fatigue and heat, Alice Marble of California, is shown as she was carried from the tennis court at Roland Garros Stadium, Paris, after she collapsed during play in the French Women's Championships. Miss Marble was taken to the hospital and after several days' rest has been informed she must not play any more tennis this season.

Gleanings of Interest To the Women Folks

By THE GLEANER

Death with the Face of Dawn has called for one whose example life of wonderful patience, faith and courage through years of suffering has been an inspiring lesson to all who knew, or know of, her.

To Miss Maud Cook's bereaved family, her relatives and many friends, who will miss her dearly, we extend our sincerest sympathies.

On Tuesday Mrs. J. B. Oliver had a few friends in to afternoon tea.

Mrs. C. Gant entertained a few friends on Thursday evening in honor of Mrs. Humphreys.

Mr. and Mrs. Mel Tallon from Sturgeon Heights were visitors in Grande Prairie on Tuesday.

Mrs. Balfour entertained a few friends to afternoon tea on Thursday of last week.

Mrs. Bayes entertained a few of her friends to tea on Tuesday afternoon.

On Friday last Mrs. Fanner entertained some of her friends to a "pink tea" in honor of Miss Dalgleish on Thursday.

Mrs. D. W. Patterson entertained a few friends to afternoon tea on Tuesday in honor of Mrs. Marion Dixon, who is visiting here.

Miss Goldrick returned Wednesday from Rio Grande, where she spent a week or so visiting.

An enjoyable evening was spent by some of Mrs. and Miss Cave's friends at the library on Tuesday evening.

BEAR LAKE BECOMING VERY POPULAR

Bear Lake is becoming a very popular Sunday resort, attracting by the crowd and the number of cars there last Sunday. Many were in bathing, but found the water quite chilly.

ENJOYABLE FUNCTION IN HONOR OF BRIDE-ELECT

Mrs. Jagger, Mrs. C. Sheldale, and Mrs. Bennett were joint hostesses, at Mrs. Jagger's home, in honor of Miss E. Dalgleish, a bride-elect, on Tuesday evening.

The evening began with a sewing-bee, when the guests hemmed dresses for the guest of honor. This was followed by an amusing mock shower, after which Bob and Bill Bennett presented Miss Dalgleish with a pair of silver-encrusted dishes from the guests. A delicious lunch was served, thus ending a very pleasant evening.

ST. JOSEPH'S CHOIR VISIT RIO GRANDE

Five cars left Grande Prairie for Rio Grande at 8:30 on Sunday morning, when St. Joseph's choir went to sing Leonard's Mass in E-flat at St. Patrick's Church, where Father McConduff conducted the service in honor of Our Mother of Perpetual Help.

After Mass the crowd met again at the picnic grounds on the Red Willow River. When lunch had been partaken of (most heartily), Mayor Todd made a short speech in which he said how pleased he was to receive acquaintances made five years ago.

When Bishop Grandin dedicated the church there, Father Lussier, who thanked St. Joseph's choir on behalf of the church, said that the choir's faith and courage through years of suffering has been an inspiring lesson to all who knew, or know of, her.

In the softball game the men were beaten easily by the ladies, as the former had handicapped themselves too severely!

After getting thoroughly warmed up the players cooled themselves off in the river.

A rain shower, about 4:30, turned thoughts—and cars—homeward, thus ending a most enjoyable day.

SENTIMENT VERSUS SENTIMENTALITY

The dictionary gives to sentiment the meaning of "susceptibility to, or expression of, noble, tender, or artistic feeling; national feeling." It points a warning finger at sentimentality with the tag, "emotional, often to excess."

And right there is the crux of the whole matter. The difference is between rational, judicious feeling controlled by the intelligence, and uncontrolled emotionalism, which is no more expression of the senses, and painters to our vanity, greed and possessiveness. When, for instance, with our first experience of love, a young dream, the boy next door, hitherto a freemason and until now a stranger, we were at us and surreptitiously transferred the cat, it is suddenly transformed into a combination of Adonis and Caliban, who are undoubtedly full of sentiment.

But too often, alas, we are also full of sentimentality! As we dream of our love, we look forward to marriage as a heaven which will appease all our restless yearnings.

We forget the experience which even our twenty-old souls on earth has furnished us in a combination of Adonis and Caliban, who are undoubtedly full of sentiment.

When the first transports of love have worn under the daily rub of life, we begin to be conscious of a part of very earthy under the purity of our statuesque love, what is our reaction? Do we get jealous and discontented because our marvellous love has turned out to be an average human bond? Or do we take ourselves to task for allowing our entirely rightful sentiment for the man we have married to spill over in excessive sentimentality?

It is when women in sentimental motherhood if you indicate in that most disastrous belief of character in each of us are pretty much like the basic law of the universe, that the difference between sentiment and sentimentality may vary, but the result is still cake—and the average human being.

When the first transports of love have worn under the daily rub of life, we begin to be conscious of a part of very earthy under the purity of our statuesque love, what is our reaction? Do we get jealous and discontented because our marvellous love has turned out to be an average human bond? Or do we take ourselves to task for allowing our entirely rightful sentiment for the man we have married to spill over in excessive sentimentality?

her or yourself. If one of these kitchen disasters occurs, burn which only produce a scorching or redness of the skin, can be quickly relieved by applying boracic ointment to the part. A little plain flour, a thin layer of cotton wool and a bandage. The boracic ointment which produces blisters should be treated with oil. First of all soap the skin, then apply a piece of lint or old linen soaked in olive or caron oil. Vaseline or pure lard makes the best ointment. The lint should be wet and a bandage. Caron oil is a mild antiseptic and the lint should be changed often. It gets its name from the Caron brothers, near Falmouth, Scotland, where it was once made in favor among the workmen for burns.

In case of deeper burns or scalds, soak the lint or linen in a solution of bicarbonate of soda and warm water. Soak the burn for a few minutes, then rub the about once with a cloth dipped in the liquid.

A burn caused by boiling sugar or fruit should be put at once into the baking soda solution. If the skin is not blistered or broken, dress with boracic ointment. If the skin is broken, use the oil dressing.

TO CLEAN CARPETS

Soiled carpets can be cleaned at home with potato water, which is also useful for brightening the colors. Two or three potatoes should be scraped finely into a quart of warm water and left standing for 24 hours. Strain, and then rub the about once with a cloth dipped in the liquid.

EASIER APPLE PARING

Apples can be pared very quickly and without soiling the hands. It is only necessary to dip the apple in a solution of the apples beforehand. Allow them to stand in the water for several minutes. The skins can be peeled as thinly as paper and the fingers will be unaffected.

WASHING BLANKETS

Take half pound of carpenter's glue, mix into pieces and put into an old bowl or saucepan, just covering the glue with hot water. Boil for 10 minutes over gentle heat and stir frequently until dissolved. Half fill the bath with lukewarm water and stir the melted glue in it until thoroughly mixed.

Then double up two single blankets. Place the blankets into the water and when they are soaked, remove one and wring it out. Repeat the process with the other blanket. The blankets will be beautifully fluffy and a really good color.

THE RIGHT WAY TO CLEAN LEATHER

For leatherette coats, sponge off with cold water to which a little borax has been added.

For leather coats which stand more varied treatment. There is a wet method and a dry one, but if you use the wet method don't let it be too wet or the leather may become too soft.

The dry method for cleaning smooth leather coats is to use a fair liquid paste with gasoline and apply with a flannel. For suede coats the cleaning is the same, except that a brush can be used instead of a flannel. Do this job out of doors.

Brown shoes of stout leather are all the better for an occasional rub with cool water and soap containing a tablespoonful of turpentine, or rub with the inside of a banana skin.

Light kid shoes are not so easily dirtied with, but stain on them can sometimes be removed by rubbing them lightly with a cut toenail.

Regula shoes are not supposed to need cleaning, though yellow stains can be removed by brushing with milk of lime, one teaspoonful to half a pint of warm water.

Glue shoes when a wire brush or glass paper is no longer effective, should be scrubbed with gasoline, wiped dry and stained a darker color.

Rev. and Mrs. N. Chappell and two children are leaving next week for a visit to the former's mother, who is ill in Ontario. They expect to return to Grande Prairie, about August 1.
